**SUBJECT: CANCELLATION OF: GRAND LODGE BUILDING PROJECT #1 (TACOMA)
AND PIERCE COUNTY HEALTH DEPARTMENT PROJECT**

Greetings:

May this correspondence meet and greet each of you while in the best of health and continued well-being.

Please be advised that the Pierce County Health Department, Public Health Division has discontinued the negotiation process of using the bottom floor of our building located at 1702 Martin Luther King, Jr. Way Tacoma, WA 98405.

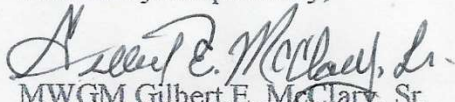

It was determined during the final negotiation process that the building did not completely fit their operational needs and that they would need additional space to accommodate their employees. Therefore, I, MWGM Gilbert E. McClary, Sr. was unwilling to provide any additional space within our building for this purpose, which left Pierce County Health Department the option of seeking temporary isolated shelter elsewhere or honoring the original agreement.

Pierce County Health Department choose to end the agreement after one week, thereby returning all of the bottom floor spaces to us fully intact effective immediately.

Please be advised by this correspondence that your organizations may continue the full use of the building during their scheduled meeting days if they so desire. Once again, this information is being provided to you for distribution to your subordinate organizations as listed in the initial correspondence on this matter.

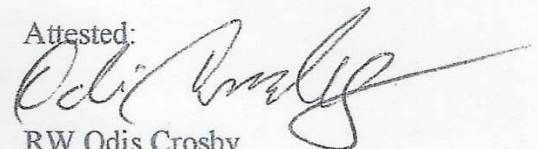

Lastly, my sincerest apology for any inconvenience that this may have caused. Thank you for your patience and understanding of this situation.

Fraternally/Respectfully,

MWGM Gilbert E. McClary, Sr.
