

Enter the Lodge by 3,5,7

Enter the lodge through the outer door being greeted by the Junior Deacon. Give the password and make your way to the altar. Check the Bible. After checking the bible, make a right turn to the JW and take 3 steps. At the JW Station, salute while saying, I was initiated as an Entered Apprentice. Turn towards the SW and take 5 Steps toward his station. Depending on the lodge layout, the steps may be more like jumps to get there. Salute the Senior Warden while exclaiming, I was passed to the Degree of a Fellowcraft and so on.

The steps don't require you to make it to the stations exactly. In fact, it's almost impossible to do the 5 steps without jumping. So make your steps with large gate and do what ever is necessary to get to the SW Station. In fact, the 3,5,7 steps are only a show piece. Not really necessary at all.
