

Grand Lecture's Vision & Thoughts

My vision is to provide good & consistent training throughout the jurisdiction of Washington.

- To make myself available to provide training as well as answer any questions to the best of my ability.
- To have District Lectures in each Masonic District with the support of the District Deputy's.
- To ensure that we are standardized across the jurisdiction per the MWGM.
- Develop a training team of DL to put out areas of emphasis monthly so we can be standardized throughout the jurisdiction.
- Meet with District Lecturers monthly or as often as they would like.
- Make myself available to visit Lodges in person as well as on Zoom.
- And to just be there for you in any way possible.
